The Committee is focused on addressing the needs of the Canadian Law enforcement community in combating organized crime. Strategic Priorities/Objectives

1. To explore, evaluate and promote innovative law enforcement initiatives against organized crime through leadership in both national and international levels, through:
 - Research,
 - Best practice/training,
 - Legislative/police reform,
 - International partnerships/trends,
 - Ensuring public awareness, and
 - Addressing gaps and barriers.

2. Enhance public communications, awareness and education through advocacy with regard to policy and legislation.
3. Promote policy development and action against organized crime.
4. Forge partnerships and model action plans to guide a unified law enforcement response to the threat of organized crime in Canada.

Significant Accomplishments 2012/2013:

Over the past year, the Committee continued to pursue priority items of the Strategic Action Plan and to strengthen communication, cooperation and coordination among the policing community and key partners. To that end, the Committee worked with Transport Canada to improve security clearance processes.

Initiatives Planned 2013/2014:

Building on the work done over the past year, the Committee will pursue several initiatives in support of the Canadian Law Enforcement Community:

- Support the CISC study on corruption and collusion. The scope of the study has been expanded to look into OC involvement in legitimate industries. The OCC will explore avenues for the implementation of its recommendations.
- Work with CSC on potential solutions to increase housing capacity for cooperating witnesses.

The OCC will continue to work closely with the Canadian Integrated Response to Organized Crime (CIROC) committee to ensure that strategic issues are referred and addressed in a timely fashion.
